

Cleaning Services

Swire Energy Services provides cleaning services for a variety of equipment at our custom-built wash bay facilities across Europe, Africa, America, Brazil, South East Asia and the Middle East.

Our environmentally friendly procedures enable us to reuse over 90% of water, and equipment ensures a fast and efficient turnaround for the removal and disposal of a range of substances.

Key Features

Tank Cleaning

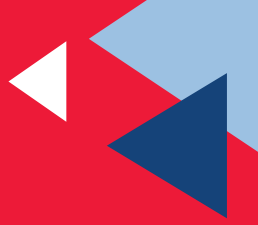

- Swire Energy Services offers a comprehensive washing service for tanks up to 60m³ to ensure assets are cleaned thoroughly, eliminating the risk of contamination and ensuring the equipment operates to the highest standard

Truck Cleaning

- Utilising our range of pressure washing equipment, we can provide cleaning services for a range of large trucks and vehicles

Equipment Cleaning

- We can offer the safe and secure cleaning of a range of assets and equipment to ensure minimum disruption to our customers' operations

Key Features

Waste Management

- Our expert teams can manage the safe and secure destruction of a range of substances

Equipment Rental

- Our cleaning equipment is available to rent from our global locations

Pressure Testing & Certification

- We can offer ADR and IMO certification of tankers, ISO tanks and offshore tanks

Blasting & Coating

- As well as a range of surface cleaning services, we can also offer blasting and coating services for a range of equipment and materials
